FIRST IN RESULTS TO ADVERTISERS

NUMBER 25

Village Assured Of Crossing Over Soo Line Track

Agreement Reached For Two Lane Extension of Ida Avenue

Village officials attending the hearing of the Illinois Commerce commission on their petition for a crossing over the Soo line tracks near Ida ave., last Thursday were assured of the crossing although the order may not come through for a few weeks.

Commissioner Henry told the railroad the village deserved the crossing and asked the railroad officials to sit down with Antioch officials and counsel in reaching an agreement.

The result was that Ida ave. will be extended across the tracks in a two-lane road instead of restoring the old crossing at lot No. 10.

The village is to provide the fill and the culverts and the railroad is to put in the planks, pave between the rails, and provide the warning sign.

When the official order comes through work will be started immediately, weather permitting.

President George Bartlett was the main witness for the village at the hearing and he told Commissioner Henry that there had been a crossing at lot 10 for more than 50 years and that when the railroad took up the planks it was with the understanding that they would be restored when the crossing was needed again. It convinced the commissioner. Railroad representatives said all they wanted was the commission's ruling and were agreeable to whatever the commissioner decided.

Movement to Build New Boy Scout Field House Started by Committee

Money Offer from Anderson and Offer of Lot by Legion Aids

A movement is under way to get a field house for the Antioch Boy Scout troop, but as yet it is in the planning stage.

Offer of C. K. Anderson, local banker, to finance the construction of a building was met by an offer of the American Legion to lease for 99 years without rental cost a lot at Ida ave. and Bishop st., for use as the site.

The lot has not as yet been accepted by the building committee composed of Harold Cardiff, scout master, Dr. D. N. Deering, and Howard Gaston.

Present plans are to call a meeting of contractors for suggestions and advice on the size, content and exact construction of the building. When the site is selected and the blue prints approved, public spirited men will be asked to help in putting up the building.

Members of the committee said they intended to see that the project is completed. Anderson has indicated he will give \$5,000 and a part of the money has been advanced. The committee met last week in deciding what the general nature of the building will be.

The American Legion, sponsors of the scout troop, and Lions club, will be consulted from time to time as the plans proceed, the committee serving as the propelling agency in seeing through to completion a matter that heretofore has never left the talk stage.

Lakeland Players Will Give "The Whole Town's Talking" on April 23-24

Another play, "The Whole Town's Talking," by Emmerson and Loaf, will be produced by the Lakeland Players instead of "The House Nobody Lives In," first chosen.

The change was made last Friday evening when the casting of the organization at Nelson's real estate office revealed that the play originally chosen was unsuitable.

All but two minor rolls were filled. The play will be given the nights of Friday and Saturday, Apr. 23 and 24, at the Antioch Township High school.

Anyone interested in joining this dramatic club is urged to call Meyer Lee 473-R-2, or Mrs. Luedtke 166-J.

League Bowlers Better Averages to Develop Keenest Competition

Bowling battles with the tide of victory swinging from one team to another in one or two leagues and well-established first place teams holding their own in others characterizes the competition at the Recreation center last week and this.

Snow White is still rolling along in the victory parade in the Men's Major League, taking two games from Lee's Appliance. Bauer was high man for Snow White, and Hareland for Lee's Appliance.

Bussie's Bar stepped out and won two games from the Lumber men. Bussie's lost the first game, and the Lumbermen's remark of "easy picking" goaded them into taking the next two games.

Women's Handicap League
The women of the Handicap League must have made resolutions to improve their bowling. The scores for the past two weeks bear ample testimony to the fact.

High series for the week were rolled by Kaye Keulman, 545, and Norma Tiede 495. High games were those of Mildred Effinger, 222 and Norma Tiede, 220.

Slide Inn and Ehrhardt's had high team series: 2296 and 2242 respectively. High games were those of Slide Inn, 803 and Club Villa 802.

Team standings are as follows: Pagels, 36 wins, 21 losses; Antioch News, 36 wins 21 losses.

Club Villa, 35 wins, 22 losses; Ehrhardt's 35 wins, 22 losses.

Slide Inn 33 wins, 24 losses.

With Pagel's scheduled to meet Antioch News next week the contest promises to be close.

Antioch Tavern League

Hans and Mabel's took three games from Sorenson's Tavern. Ken Hart hit a 561 for Hans and Mabel's and B. Osmond had 533 for Sorenson's.

Antioch Recreation took three games from Pagel's Tavern; I. Elms shot 566 with games of 200, 182 and 184. John Waldweiler hit 531 for Pagel's.

Thor's Club Villa won two games from Anderson's Tavern. Bill Keulman was high for Club Villa with 512 and Les Hybarger was high for Anderson's with 442.

Bud's Tavern won two games from John and Joe's Place. Ed Walters hit 471 for John and Joe's Place.

Thompson's Tavern won two games from Ehrhardt's Resort. Henry Grewe was high for Thompson's with 537 and Bing Gauger had 534 for Ehrhardt's.

Joe and Helen's took two games from Pikeville Tavern. Rudy Strometz was high for Joe and Helen's with 202, 192 and 183, total of 577. L. Palmer had 535 for Pikeville.

Wednesday Business Men's

R. Quadenfeld, captain of Louie and Ed spilled 572 pins to lead his team in winning two out of three from the Channel Lake Pavilion, while Flint was high for the Pavilion.

Golden Glo Dairy surrendered two games to the Peterson Food Mart. Mulligan with 536, was high man for the Dairy and K. Blumenschein with 489 was high for the Mart.

Lake Villa Electric captured two from the Nelson Grill. Howard Gaston 505 for the winners and Bob Nelson was high for the losers.

Weber Duck Pluckers made a clean sweep in their series with the Lake County Sheet Metal Works. Len Armstrong coming through with a handsome 562 for the Webers while B. Johnson rolled 511 for the works.

Schneider Bros., Excavators won two from the American Legion mainly due to the good shooting by W. Schneider with 554. R. Gutridge rolled 485 for the Post.

Miller's Insurance won three from the R & J Chevrolet Sales. Geo. Miller was high with 501 for the Miller's and A. Smejkal was high for the R & J.

High team series, Miller's Insurance 2391; High individual series: R. Quadenfeld, 572; High individual game: D. Bauer, 212.

Grade School P. T. A. Sees Wild Life Movies

The grade school Parent-Teacher club enjoyed a program of motion pictures Monday evening at the school building. It was the first opportunity the club has had to see in operation the new projector which it helped purchase.

A wild life picture from the soil conservation department of the Milwaukee station was shown along with a film from the Illinois conservation school.

Donald Berkheiser, president, was in charge of the meeting and the fourth grade mothers served luncheon.

Town Hall Debate To Air Compulsory Military Training

Meeting to be at Methodist Church Sunday Evening February 1

A debate of the Town Hall type is being arranged for one week from Sunday evening at which the subject of universal military training will be aired.

The debate will be public and will be held at the Methodist church with a former army chaplain taking the negative and a Chicago American Legion man the affirmative of the subject.

"Should the United States Adopt Military Training?"

In true Town Hall style, persons in the audience will be privileged to address questions to one or the other of the two speakers.

W. C. Petty, county school superintendent, will serve as moderator.

The meeting will start at 7:30 p. m. and is expected to last an hour and a half. It is expected to attract much interest in view of the fact that President Truman's committee appointed to study the proposal has favored compulsory military training. The American Legion has gone on record as approving it, but many of its members disagree. Evangelical churches and leaders of higher education are opposing the plan.

Sailor's Car Crashes Into Fire Hydrant and New Store Building

Village and William Rosing Ask Damages in Court Of Elmer Brook

Charles J. White, Great Lakes sailor living at Hudson, N. Y. was made defendant in a suit by the village and by William Rosing, merchant, before Police Magistrate Elmer Brook to collect for damages done when his car crashed into a fire hydrant and the partly constructed National Tea Co., building.

White and five other sailors were said to have approached the intersection of Lake and Main sts., at high speed at 2 a. m. Sunday and being unable to stop struck the hydrant on the east side of Main st., and from it into Rosing's new building knocking out a hole in the brick wall which is up to window level.

Chief of Police Fred Peterson was routed out of bed to shut off the water which gushed from the hydrant. The hydrant was broken off at its base.

Officials at Great Lakes Naval Training center were called and they took charge of the sailors, guaranteeing the court that one or all of them would be returned when wanted.

White, being the driver of the car, was the only one charged. Rosing has asked \$170 for damages to his building and the village has a bill for \$125 for the fire hydrant.

White's car, a Mercury, was held in lieu of payment for damages.

Judge Brook said that the case was continued from Tuesday afternoon to Feb. 1. No traffic violation charge was brought.

Campaign to Acquaint Lake County With Cancer Facts Aided by Antioch Women

Mrs. E. J. McDougall and Mrs. J. M. Van Cura of Antioch and Mrs. Leonard Mattson of Lake Villa are members of a group who will participate in a campaign to acquaint the county with the dangers of cancer and the opportunity to prevent or cure it.

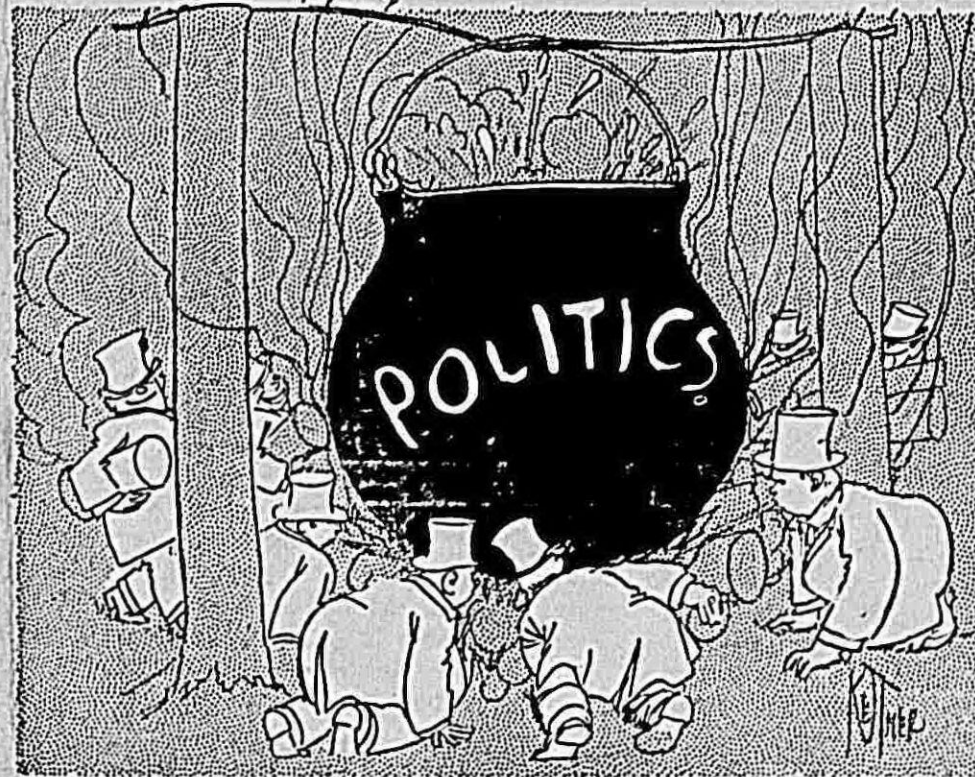

The American Cancer Society is warning that "Every three minutes someone dies of cancer."

This is the first year that a county-wide campaign will be conducted in Lake county. The committee will attempt to acquaint their neighborhood with cancer facts.

The tumor clinic at Victory Memorial hospital is now in operation. While it is advisable that a patient be referred there by his physician, those in charge say that it is not necessary, but the person should have a local physician in mind to whom the diagnosis may be referred after they have gone through the clinic.

Dr. Edgar Spackman, clinic director, requests that appointments to go through the clinic on Thursday be made well in advance.

Starting to Boil

Antioch Boy Scouts Get Bid to Conduct Ceremony at Mundelein

Troop 91 has been chosen as the outstanding troop of North Shore area to furnish a bit of entertainment for the Annual Scout masters appreciation dinner to be held Tuesday, Feb. 17, at New Trier High school. It has been agreed that the troop furnish some musical numbers. This will be another new adventure for the boys but under the leadership of Hans Von Holwede, local musical instructor, we are sure that the boys will do all right.

Today the troop received the invitation to put on their candle light court of honor ceremony at the district session court of honor to be held Jan. 28, at Mundelein grade school. They have accepted and the entire troop will go there and put on a real show for them.

Scout master Cardiff also urged all Antioch merchants to cooperate with the troop for National Boy Scout week by putting in Scout windows. Some of the business men have already offered windows for scout displays. "We will be glad to furnish any of our scout equipment to help make the displays," Cardiff said. National Boy Scout week will be Feb. 6-14.

During the week there will be various programs to which the public will be invited.

A cub pack is to be organized within the next few weeks and all mothers and dads that have boys between the ages of nine and twelve are asked to contact the scout master as it will take a lot of help to line these boys up. It will be a big boost to future scouting in Antioch. The new sponsor of the pack will be named in the near future.

Charles L. Gleason, 66, Former Newport Farmer, Dies in Kenosha, Wis.

Charles L. Gleason, 66, of Kenosha, formerly of Wadsworth and Bristol, Wis., died in a Kenosha hospital Wednesday.

The funeral service will be held at 9:30 a. m. Friday in St. Thomas church, Kenosha, and burial will be in Mill Creek cemetery.

Born in Newport township, Mr. Gleason moved to Bristol where he became prominent as a farmer. In 1941 he moved to Kenosha.

Surviving are the widow, three brothers, Frank of Wadsworth; James of Chicago, and William J. of Bristol; and three sisters, Miss Isabel Gleason, Kenosha; Mrs. Michael Boyle, and Mrs. Irene Peterson, both of Chicago.

V. F. W. To Sponsor Card Party on Monday Evening

Sequoit post No. 4551 V. F. W. and its auxiliary is extending an invitation to the public to attend a card party Monday evening, Jan. 26 at 8 p. m. at the Guild hall in Antioch. A small donation at the door will admit persons to an evening of card playing with refreshments afterward.

This is the first card party of the organizations for the year and members and friends have been asked to make the event a success.

Allendale Plays Here

The Grade school basketball team lost to Allendale Boys school here in basketball Tuesday evening 25 to 22. In the last quarter the local youths came back strong and threatened to win. The Antioch second team won from the Allendale second team 16 to 4.

Construction Firm Dissolves, Cannot Build Fire Station

Village Must Advertise for New Bids, President Bartlett Says

The jinx that has pursued the attempts to put up a new fire department building continued to hound the village this week when the successful bidder, the Rymont Construction Co. of Chicago dissolved this week.

Informed by Attorney George McCaughey that the Chicago firm was unable to enter into a contract on its bid of \$26,733 because of a dissolution of partnership, President George Bartlett said that the job of seeking new bids now would have to be done all over again.

One member of the Rymont firm was anxious to go ahead on the company bid, but since the bid was in the name of the whole company it would not have been legal.

Bartlett was of the opinion that it would not be proper to consider the next lowest bid under the circumstances.

In the meantime the board plans to condition the old building for use in housing the new truck until the slow legal process in getting a new building can be obtained.

Grant-Antioch Game Tomorrow Night Sure To Be Exciting Battle

Sequoits Bow to Barrington, District Tournament Announced

The Antioch High school gymnasium will be packed tomorrow evening by Antioch High and Grant Township fans when the two rivals meet for their second time in basketball this year.

Antioch won from Grant at Ingleside by a score of 36 to 35 giving evidence that the two teams are quite evenly matched.

Grant has not won from Antioch in three years and the Sequoits are out to keep their record clean.

Barrington did that very thing to the Sequoits last Friday night there by winning 34 to 28. Antioch was ahead 9 to 8 at the quarter, led 17 to 13 at the half, but went down 25 to 26 in the third quarter and made but three points in the final slice.

Pomeroy, giant forward for Barrington, was too much for the Antioch boys. They were unable to reach his overhead shots. On the other hand, Antioch's big defense was weakened when Kraft went out of the game on fouls.

The Papposes also lost to Barrington 37 to 27. All in all, it was a bad night for the boys and Barrington's three years of victory over the Sequoits is still unbroken.

District Tourney Announced

Antioch has been assigned to the Wauconda tournament in the elimination process of selecting a state champion. The Sequoits will meet in competition some of the following contestants: Barrington, Grayslake, Warren of Grunee, Grant of Ingleside, Lake Forest, Elia of Lake Zurich, Northbrook and Wauconda.

The winner of that meet on Feb. 24 to 27, will compete at the Waukegan regional against such teams as Evanston, Highland Park, Libertyville, Niles of Skokie, New Trier, Zion-Benton, and Waukegan on March 2 to 5.

Servicenter Beats McHenry And Will Meet Grayslake And Gnoit of Des Plaines

The Antioch Servicenter match team defeated McHenry at the Antioch Recreation bowling lanes last Saturday night 2717 to 2620.

The Servicenter has held a more than 900 average a man for the last five matches.

Saturday night they will take on the strong Monarch team of Grayslake at the Antioch alleys and on Sunday night the Gnoit brothers, a crack team from Des Plaines for the benefit of the March of Dimes fund.

Married Fifty Years

Mr. and Mrs. William Runyard of 416 Harden st., will celebrate their Golden Wedding anniversary Sunday, Jan. 25. They will have open house from 2 to 5 p. m. for all friends who care to call.

The Road Ahead

This is the age of confusion. But that does not mean it need be an age of cynical resignation to failure—and of the gradual abandonment of rights and principles that took two thousand years of almost continuous conflict for mankind to secure.

No one can minimize the problems that now confront the nations, ranging from the terrible specter of unleashed atomic energy down to such temporary difficulties as shortages of materials. The very extent and number of these problems have added to the confusion. They have, as the old French proverb says, made it hard to see the forest because of the trees. They have obscured the fact that there is really only one basic problem, and that all the rest hinge upon it in one way or another.

That problem is easily put: Sooner or later, the peoples of the world, including the United States, will have to make a complete and final choice between the chimera of "security" and the reality of freedom.

There is a danger in using such words as "freedom" and "liberty" these days. Dictators and tyrants have attempted to pervert them out of any semblance to their true meanings. Hitler, after all, established his slave state and fought his disastrous war for world enslavement with "freedom" and "liberty" as his rallying call. Even so, the real free man can be described. He is free to express his opinion, whether or not it is in agreement with the majority or with the government in power. He is free to worship as he pleases. He is free to print what he thinks in a newspaper, or elsewhere, subject to the old-established laws of libel and public decency. He is free to work or not to work, and to change jobs of his own volition without dictation from employer, labor leader, or politician. He is free to run for public office on any platform he devises, or to vote for the candidate of his choice. He is free to determine his own destiny, and he is not the tool of the state or any other interest.

These are not separate, unrelated entities. Every

last one of them is dependent on the others. When one freedom is lost, all the rest are endangered. No dictatorship has ever been established all at once. A right is abrogated here, another there; the state seizes business, then takes over the labor unions; new "interpretations" are placed on the rights of free speech and assembly—so it goes, step after step, until the job of despotism is completed.

Dictators trade on fear—fear of want, fear of hunger, fear of cold, all the natural, material fears. They promise a maximum of material "security" to the tragically confused people they entice. And this poses another question: Can a people, in return for the surrender of their freedoms, obtain more goods, a higher standard of living, a greater measure of protection from adversity?

The question answers itself. The greatest material advancement in the history of the world has been in the nation where there has been the greatest amount of freedom for the individual—the United States. It is not accident that the pay of the average American worker, measured in terms of purchasing power, is ten or a dozen times that of the average Russian worker. A still better comparison is found with present-day England, the country to which we are bound the closest by the ties of a common language, inheritance and tradition. Socialism—which can be vanguard of dictatorship—has aggravated every English economic problem. It has produced less goods for export, not more goods for export; less coal, not more coal; less agricultural production, not more agricultural production. Worst of all, it has sapped the energies and ambitions of the people. There can never be progress in a state where individual opportunity, initiative and enterprise are discouraged, and the government does all the thinking.

The super-state is not only spiritually barren but materially inefficient. When we attempt to trade freedom for security, we lose both. This thought was perfectly expressed by Somerset Maugham, the most distinguished living British novelist, when he said: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that too." That says it all in a sentence.

The hope of this nation is that our people will profit by example. The hope of the world is that it will be able to break the shackles of oppression. The hope of mankind lies in a reaffirmation of the rights and dignity of the individual.

MILLBURN

"Youth Sunday" will be observed at Millburn church with appropriate services at 11 o'clock Sunday, Jan. 25. Rev. Messersmith has chosen "Dependable Signs" as the topic for his sermon.

Lonn Lee Ipsen, 14 month old son of Mr. and Mrs. Leylon Ipsen of Antioch and Gordon LeRoy Pierce, 5 month old son of Mr. and Mrs. Gordon Pierce of Antioch, were baptized during the church service Sunday, Jan. 18.

Mr. and Mrs. Merrill Lewin and Mr. and Mrs. Wm. Jones entertained the Couple's Club at the latter's home Friday evening with 20 couples present. Guests were Mr. and Mrs. John Haisma and Mr. and Mrs. Verlon Groves.

Mrs. Messersmith and her Sunday school class of girls and boys of High school age enjoyed a party at the home of Joan Hughes Monday evening.

Mrs. Don Truax and Mrs. Roy Bonner entertained the ladies of the Mylo Club at the church Thursday evening. Due to the cold weather, there was a small attendance.

The Halcyon group of the Lake Vil-

la Methodist church will sponsor a benefit card party at the Lake Villa Village hall Friday evening, Jan. 30, at 8 p. m. There will be prizes and refreshments.

Mr. and Mrs. Bob Denman entertained 20 young people at their home Saturday evening.

Rev. Leslie Chapman, of Waukegan, Rev. T. S. Sampson, of Mundelein, Rev. C. Arthur Jevne, of Ivanhoe and Rev. Lincoln Y. Reed, of Grayslake attended a meeting of Lake County Congregational ministers held at the Messersmith home Sunday afternoon. Mrs. Sampson and

daughters and Mrs. Reed also were present.

Members and friends of the Ladies Aid Society are invited to an all day sewing meeting at the home of Mrs. Carl Anderson Tuesday, Jan. 27, beginning at 10:30 o'clock. Please bring sandwiches for yourself.

Mrs. Webb Edwards returned home Monday after a three weeks' visit with her sister, Mrs. Wm. Fanning in Indianapolis, Ind.

Millburn unit of Home Bureau will meet at the home of Mrs. Herbert Messner Friday afternoon at 1:30 o'clock. Mrs. Helen J. Volk will give the major lesson "Unusual Quick

breaks." There will be election of officers.

Mrs. Laura Corris and Mr. and Mrs. Will Corris, of Russell, were dinner guests at the home of Mr. and Mrs. Will Bonner Sunday.

Mr. and Mrs. James Morris, of Chicago, are visiting at the Webb Edwards home.

Mrs. George DeYoung entertained a group of small children and their mothers Friday afternoon in honor of her daughter, Carol Ann's third birthday anniversary.

Mrs. O. L. Hollenbeck is visiting relatives in Milwaukee this week.

Mr. and Mrs. Leslie Bonner spent Sunday afternoon with their aunt, Mrs. Mina Gilbert in Waukegan.

Mrs. W. F. Wetzel and Mrs. Robert Murrie gave instruction in "Making Metal Trays" to members of Millburn

unit of Home Bureau at the Murrie home in Russell Friday and Saturday. Those making trays were Mesdames King, McCord, Hennighausen, Larson, Bolton, Lundgren, Carl Anderson, Eric Anderson, Messner, Cunningham, Magiera, Curtis Wells, Thain and Sundin.

Rev. Messersmith is showing educational sound movies at 8 different school this week.

Mrs. E. H. Edwards and Miss Eva Webb returned to the John Dickey home in West Chicago Monday after three weeks' stay at the Webb Edwards home.

For '48...
start off on the
RIGHT foot...with

What a wonderful feeling—to start off the New Year on the right foot . . . automatically . . . in a new 1948 Oldsmobile with GM Hydra-Matic Drive!

It's a new driving thrill to glide away from the curb—without shifting gears, without pushing a clutch. Simply touch a toe to the accelerator and you're off to a smooth start. Your left foot relaxes with nothing to do. There isn't even a clutch pedal in the car. You go in safety, too, with both hands on the wheel, as Hydra-Matic Drive shifts gears automatically through four forward speeds. And for highway passing or hill climbing, you can count on Hydra-Matic Drive's special pick-up gear to give you an extra burst of power and speed.

During the past 8 years, Hydra-Matic Drive has been proved in the hands of more than 425,000 Oldsmobile owners. And today—as Oldsmobile celebrates its Golden Anniversary by swinging into production on a brand new "Futuramic" car—Hydra-Matic Drive* is still away out ahead . . . automatically! Watch for the new 1948 Oldsmobiles at your Oldsmobile dealer's.

NOTHING FOR THE LEFT FOOT TO DO!

HOW TO SAVE HALF THE WINTER FUEL BILL TOLD BY UNIVERSITY

Rising coal and fuel oil prices give added point information released by the Small Homes Council at the University of Illinois telling about home insulation, which can save as much as one-half the winter fuel bill—one shovel of coal from every two.

Fifty per cent is the saving estimate for a typical two-story frame house with wood or shingle siding to which tight storm windows and doors, four inches of insulation between ceiling joist and three and five-eighths inches between wall studding is applied.

The facts about insulation and fuel saving, many resulting from years of careful research at the University, are presented in a free eight page non-technical circular. The high spot in it is a table showing reductions in a fuel bill possible in eight typical types of construction for one-story and two-story homes.

Benefits of insulation, the circular says, include greater comfort by making walls and window surfaces warmer, reducing drafts, and making heat more uniform; cooler houses in summer; and money saved by reducing fuel needs and requiring a smaller heating plant or less load on existing equipment. Also walls and ceilings are cleaner because dust and dirt do not gather on warm surfaces as they do on cold.

Good insulation will not attract insects and mice and will not form fire hazard, will not absorb moisture and get soggy and will not deteriorate or settle, the circular explains.

In Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

"Will be on display at most Chevrolet dealers throughout the country during the next few days."

WE, YOUR LOCAL CHEVROLET DEALER
—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products:

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history!

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service now and at regular intervals.

SOCIETY EVENTS

Graham-Hare Vows Exchanged Dec. 27 At Riverside, Ill.

Charlotte Marie Hare, daughter of Mrs. Libuse C. Hare, of Chicago, and formerly of Riverside and Richey V. Graham, Jr., son of the Richey V. Graham's of River Forest were united in marriage at St. Mary's Catholic church Saturday, Dec. 27.

As the young bride placed a bouquet of flowers on the Altar of the Blessed Virgin, Mr. Anthony Kopecky sang the "Ave Maria" composed by the bride's mother, who as a child studied music in Rudolph Friml at the Prague Conservatory of Music.

Charlotte walked to the altar accompanied by her uncle, Mr. Frank E. Zajick, she wore the same gown and veil which her sister-in-law, Mrs. Thomas C. Hope wore at her own wedding eight years ago and who was her matron of honor at this wedding.

Fashioned along princess lines the gown had a dainty yoke of net embroidered with an intricate design of seed pearls and the long molded sleeves formed points at the wrists. The skirt which had a bustle extended into a four yard train, her pale ivory illusion veil fell in rich folds and made a five yard train over which fell a circular finger tip veil and face veil.

It was fastened with an exquisite Crown of Seed pearls made especially to match the pattern of the lace in the yoke of her ivory brocaded satin gown.

She carried red lipped white orchids. The girls in the bridal party wore gowns of red velvet and carried bouquets of fresh violets, scalloped with large white lily petals and head dresses were of violets.

The bride's mother wore brown lace with a corsage of yellow orchids and Mrs. Graham, Sr., was in green crepe with lavender orchids. The bride's attendants were Mrs. Vivian Hope, sister of the bridegroom as matron of honor, Miss Mariella Jirka, a cousin of the groom as maid of honor, and Mrs. Gloria P. Graham, Mrs. Patricia Jirka, Miss Marin Triner and Miss Verla Ehlers of Davenport, Ia., as the bridesmaids.

Robert J. Graham was his brothers best man and the ushers were Thomas C. Hope, Frank J. Jirka, Jr., Edwin C. Hare, Donovan Probanz and Joseph C. Ross, Jr.

The reception was held at the Bohemia club in Chicago, where many prominent guests attended. The young couple flew to Florida and are now at the Flamingo hotel, Miami Beach, Fla., and upon their return they will reside in LaGrange Park where they have a new home.

The bride attended Trinity academy, Lindenwood college, Monticello and Drake university, the groom is a graduate of St. John's Military academy attended Duke university and is a graduate of Northwestern University and will complete his law studies at Chicago Kent College of Law. He is a member of Phi Delta Theta fraternity.

Prenuptial parties given for the bride were a luncheon and bridge at the Edgewater Beach hotel by the grooms aunts, Mrs. Frank J. Jirka and Mrs. Otto Kerner, Jr. Mrs. Frank Jirka, Jr., and Miss Mariella Jirka entertained at a dinner party, Miss Marion Triner a personal shower and luncheon, Mrs. Robert J. Graham entertained with a tea, Mr. and Mrs. Richey V. Graham received 175 friends on Nov. 16, from 4 to 7, honoring the couple, Mrs. Thomas C. Hope, the grooms sister gave the spinster dinner, and Mr. Frank J. Jirka, Jr., a cousin had the bachelor dinner at Chez Paroe, Mr. Arthur Kralovec, Jr., gave a cocktail party and Mrs. Hare had the bridal dinner at the Oak Park Arms hotel.

Antioch Home Bureau Will Meet on Wednesday With Mrs. Lester Osmond

The Antioch unit of Home Bureau will meet on Wednesday, Jan. 28, at the home of Mrs. Lester Osmond, Sr., at 1:30, with Mrs. Robert McCann as co-hostess.

As this will be "wind up" month of the year's business all members are urged to be present. The executive board will present its panel of new officers.

Anyone not having paid her dues for the past year is urged to do so at this meeting and any one not having paid for her tray may also do so at this meeting.

Two members from the unit will be chosen to go to Urbana to the University of Illinois for Farm and Home Week, Feb. 9-13.

Mrs. Helen Volk, our County Adviser, will give the lesson on "Unusual Quick Breads."

A. T. H. S. Organization Will Meet Next Tuesday

The second meeting of the Antioch Township High school social organization will be held Tuesday, Jan. 27, at 8 p. m., in the high school auditorium and cafeteria.

The program will consist of colored films and special music. Refreshments will be served.

Betty Jane Hanke Is Bride of L. Fischer

In ceremonies at St. Ignatius church January 17, Miss Betty Jane Hanke became the bride of Lennard Fischer of Twin Lakes, Wisconsin. The bride, daughter of Mrs. Nellie Hanke was given in marriage by her brother, Leslie. The Rev. William E. Strauser assisted by Jackie Nelson, officiated, at the double ring service.

For her wedding gown the bride chose white satin, with it wore a fingertip veil, and carried gardenias and white carnations.

Misses Theodora Hennings and Jean Smelcer in robin's-egg blue frocks served as bridesmaids, their flowers were carnations.

Mrs. Bernice Gauger, sister of the groom served as matron of honor, she wore a frock of blue crepe and her flowers were carnations. Miss Kathleen Fields in deep pink crepe frock served as maid of honor, her flowers were carnations.

Donald Fischer served as his brother's best man. Ushers were Ted Dean, of Silver Lake, Al DeBelle of Salem, and Harold Gauger, of Twin Lakes.

Mrs. Hanke and Mrs. Fischer, mothers of the bride and groom wore plum colored crepe gowns with brown accessories, their flowers were gardenias.

The wedding reception was held in

the American Legion hall with the newlyweds leaving afterwards for a wedding trip to Florida and New Orleans.

The bridegroom, who is the son of Mr. and Mrs. Al Fischer, of Twin Lakes is a graduate of Union Free High school at Wilmet, Wis., and attended the University of Wisconsin. Mrs. Fischer is a graduate of Antioch Township high school and for the past five years has been employed with Pickard Inc.

Mr. and Mrs. Fischer plan to make their home in Antioch.

High School Counseling Plan Will Go Into Effect Next Week

The new counselling plan for high school students will go into effect next week, Principal T. R. Birkhead has announced.

For two 40-minute periods each week 10 teachers each specializing on some subject, will hold discussions with students in groups of 25. The first period will be devoted by the teacher to presenting her subject and assigning readings. The second period will be used for questions and reports by the students and general discussion.

A new group will be supervised each week by the teacher until all students have been counselled. The hours will be staggered, Prin. Birkhead said, to distribute the time taken from classes. The hours will be announced later.

Both semester and six-week's grades will be given out next week to the students and their parents. Thereafter an honor roll will be published.

Large Crowd Expected At Eastern Star Party Celebrating 49th Year

A large crowd is expected at the anniversary party of the Order of Eastern Star this evening at 8 o'clock.

Three charter members will be honored and there will be an initiation of candidates for membership. The charter members who were at the founding of the chapter 49 years ago are Maud and Dora Sabins and their brother, Ira Simons.

Mabel Solomon is worthy matron and Walter Solomon, worthy patron. Selma Trieger is secretary.

Order of Rainbow Installs Officers In Open Ceremony

The Order of the Rainbow for Girls presented pleasing services Monday evening in the installation of the new officers. It was a public ceremony and many of the relatives and friends of the young ladies were present. The Masonic temple was the scene of the event.

Mabel Lou Dow was installing officer and her staff comprised Annabelle Barthel, marshal; Elsie Farnsworth, chaplain; Virginia Gaa, recorder; Mrs. Harriet Davis, musician; and Mrs. Betty Brown, soloist.

Pat Anderson led the ode to the American flag and Betty Jean McDougall to the Rainbow flag. Victoria Reinking and Janice Runyard were standard bearers.

June Hunter was mistress of ceremonies and Mrs. Elmer Lee Hunter, her mother, was guest of honor.

Serving as escorts were Messrs. Adrian Vanderkloot, John Gaa, George Good, Luster Badger and Elmer Hunter.

The new officers and their positions in the organization are: Jane Hunter, worthy adviser; Verna Kufalk, worthy associate adviser; Norma Jarnigo, charity; Johanna Cobb, Hope; June Petersen, faith.

Elsie Farnsworth, secretary; June Hunter, treasurer; Beverly Baird, chaplain; Betty Terry, drill leader; Lois Reigler, love; Ruth Raether, religion; Joline Gaston, nature; Annette Garver, immortality; Charlene Nelson, fidelity; Shirley Ross, patriotism.

Virginia Van Patten, service; Joyce Redlin, confidential observer; Virginia Petersen, musician; and Mary Lou Wilton, choir director.

The members of the choir were Janice Runyard, Betty Jean McDougall, Victoria Reinking, Pat Milz, Jean Pagels, Virginia Gaa, Sue Weber, Vir-

ginia Ostrander, Pat Anderson, Roberta Anderson, Annabelle Barthel, Carol Pregoner, Marilyn Ries, Joanne Midgley and Audrey Hatten-dorf.

Kenosha Woman Will Exhibit Antique Bottles At B. and P. W. Meeting

Mrs. E. M. Meers, of Kenosha, Wis., will display a collection of antique bottles and show movies at the next meeting of the Antioch Business and Professional Women's club, Feb. 2. The meeting will be at the home of Mrs. H. B. Gaston, 654 N. Main st. Cameras and pictures are one of Mrs. Meers' hobbies. An interesting meeting is anticipated.

Parents Of Son
Mr. and Mrs. Bert Jordan are the parents of a son, born Jan. 21, at St. Therese hospital. Mrs. Jordan was formerly, Miss Betty Busscher, daughter of Mr. and Mrs. Martin Busscher of Channah Lake.

Parents Of Daughter
Mr. and Mrs. Leo Moran are the parents of a daughter, born January 16, at the Burlington hospital. Mr. and Mrs. Moran are former residents of Antioch, they are now making their home at Salem, Wis.

Card of Thanks
I wish to thank everyone for the beautiful cards, handkerchiefs, cut flowers and plants, also for the tokens of friendship and kindness while I was in the hospital and since my return.

Clara Horton

One man said that for 10 years he felt like he had a brick in his stomach, due to undigested food he always had inside of him. Recently he started taking ERB-HELP and says the "brick-feeling" disappeared. Now he is like a new man, eats anything. Get ERB-HELP for stomach distress—Reeves Walgreen Agency Drugs.

First U. S. Tariff
The United States levied its first tariff in 1790. It was on importation of liquor.

Waukegan City Wide DOLLAR DAY
THURS., JAN 29
Announced by
Waukegan - North Chicago Chamber of Commerce

In Northern Illinois...

there's a "Youth Movement" that means success

Kathryn McKinley, Frankfort, Will County, Illinois, and "Champ," her Hereford Champion (Feeder Division) at the 1947 International Live Stock Show.

The young people from Northern Illinois farms are consistent winners in the various competitions at the great International Live Stock Show held in Chicago. In the last 5 years, hundreds of boys and girls from farms in this area have won important national awards in junior and open divisions. They are preparing themselves to carry forward the traditions of fine farming that have brought Northern Illinois to national leadership in so many phases of agriculture—that have made it the hub of an area that produces 40% of America's farm output.

In Northern Illinois, 98.9% of the farms have electricity available. Close cooperation of our Agricultural Engineers with Northern Illinois 4-H Clubs and Future Farmers of America, agricultural extension agencies and with farm operators themselves has made it possible for farmers in this area to get the utmost usefulness from electrical service. This cooperation has also resulted in originating and

developing many unique and practical applications of electricity to farm labor-saving and farm home convenience. Among these are electric barn cleaners, silo unloaders, electric hay and corn driers, barn and chicken house ventilators, water warmers for poultry and stock, dairy water heaters and pasteurizers and dozens of ingenious labor-saving uses of portable motors for farm chores.

These are contributions to the leadership of Northern Illinois agriculture and to the fuller life of Northern Illinois farmers. Our company is very proud to have shared in them.

Farm Life in Northern Illinois

This bi-monthly rotogravure picture magazine, featuring Northern Illinois farms and farm people, young and old, is a useful medium for the exchange of ideas on improved agricultural methods and electrical labor-saving. Any Northern Illinois farm home can be on the free mailing list for the asking. Just write us.

Three Dead in Family Quarrel; Grandpa Amok

Vengeance for Desertion of Wife Suspected by Local Police.

CHICAGO.—A family quarrel was blamed as detectives linked the fatal shootings of six-month-old William Fritz and his mother, Mrs. Bertha Fritz, with apparent suicide of Henry Kumpus, the child's step-grandfather.

The three-way tragedy occurred on the property occupied by the Kumpus-Fritz family in Justice, a village south of Summit.

Kumpus was the step-grandfather of the baby and the step-father-in-law of Mrs. Fritz.

Mrs. Fritz has been living with her husband, Alphonse, 41, a bartender, in a bungalow at Justice. Kumpus and his wife, who is Alphonse Fritz's mother, lived on the first floor of a two-story apartment house at the front of the lot.

Kumpus, neighbors said, had been angry with the Fritz family for a week. He blamed them, it was said, for the fact that his wife, Edna, left him previously.

William Wetzel, upstairs neighbor of Kumpus and his wife, discovered the triple shooting.

Returning from work, he smelled gas escaping and heard cries coming from the Fritz bungalow, he told police. Hurrying to the little house at the back of the lot he found Mrs. Fritz wounded on her kitchen floor, her infant son dying of another bullet wound a short distance away.

Taken to Hospital.

He called police who took the two to MacNeal Memorial hospital, Berwyn. The baby died on the way.

Detectives went with Wetzel to the Kumpus basement where they found an unlighted oven turned on and Kumpus' body sprawled on the floor. There was a bullet hole in his brain, his pistol lying beside him.

At the hospital, Mrs. Fritz named her step-father-in-law as the man who had shot her in the throat.

Her husband, who returned home shortly after the shootings were discovered, told highway police that his step-father had seemed almost insane because of the separation from his wife.

Sister Protects Brother From Unscrupulous Females

NEW YORK.—A 40-year-old bachelor dentist, who said his unmarried sister was overzealous in protecting him from the fair sex, charged her with disorderly conduct last night.

Dr. J. S. Chapin told police that sister Shirley, 32 and a pretty blonde, selected his female patients and ordered from the office women she thought were dressed inappropriately.

When several women patients were ordered from the office one night his patience snapped, police quoted him as saying.

She also made him cross the street when a pretty girl approached and snapped off the radio when he listened to soap operas with love interest, he said.

"I have been a better brother to her than any husband ever has been to a wife," Dr. Chapin declared. "Florida vacations, evenings out—why I even bought her a mink coat!"

"My sister has taken undue care to see that I do not fall into the hands of unscrupulous females."

Police held Miss Chapin for a hearing.

Gets Four Years as Red Spy, Second Trial Guilty Verdict

OTTAWA, ONT.—Harold S. Gerson, 42-year-old Montreal geologist, was sentenced to four years in prison for conspiring with Russian agents to divulge secret government information to the Soviet Union.

A jury found Gerson guilty after 3 hours and 45 minutes of deliberation.

Gerson was found guilty on a similar charge a year ago and sentenced to five years in prison. He won an appeal after serving six months of the sentence.

The government's case against Gerson was based on a page of looseleaf notebook paper containing secrets of the explosive RDX.

It was in Gerson's handwriting and was turned over to the government by Igor Gouzenko, former code clerk at the Russian embassy.

Street Swept by Shotgun Blasts, Two Youths Hurt

HUNTINGTON, W. VA. — Two boys were wounded by gunfire while playing in the street and police later arrested a man who told them he cut loose at the youths with a shotgun "so they would quiet down."

Herman Campbell, 14, was hit in the leg six times and in the neck once. His playmate, Norman Armstrong, 18, suffered one leg wound. Both were taken to a hospital.

Police Lt. Hosea Hodges said J. L. Brunson, 41, was arrested on charges of shooting with intent to kill. Hodges quoted Brunson as saying:

"I've done it before, but never hit anybody until tonight."

Tough Convict Eats Nails, Odd Collection in Stomach

LANSING, KANS.—Three and a half pounds of metal—including two complete safety razors without blades—was the yield of an operation on the stomach of an inmate of the Kansas State prison.

In addition to the razors, the list included five metal washers, 401 nails, a 3-inch screw, a couple of 2-inch stove bolts, a 2-inch nut, a large brass washer, 11 thumb tacks, a quarter-inch screw and 60 small metal objects including paper clips and safety pins.

Prison officials said the man, James S. Payne, serving a one-to-five-year sentence for arson, gave no reason for consuming the objects.

The operation took place after a nail caught in his throat. His condition was described as satisfactory.

Flier Frees Woman In Swedish Asylum

Disguised as Doctor, Airman Flies Her to Norway.

STOCKHOLM. — The Swedish police reported that a man disguised in a doctor's white coat had broken into a Stockholm sanitarium, freed a scantily dressed woman inmate and fled with her to Norway in a light plane.

Dispatches from Norway said the couple later made a forced landing in a mountain meadow near Kongsberg and were being held by Norwegian authorities, pending extradition orders from Sweden.

Norwegian police identified the pair, the dispatches said, as Lt. Thorsten Akrell of Stockholm, a 34-year-old Swedish pilot, and Mrs. Louise Forsell Kaage, 25.

Dr. Jacob Forsell, Stockholm physician, said the woman was his sister — the pretty blond writer of a best-selling murder mystery and the daughter of the late John Forsell, chief of the Stockholm Royal Opera company.

Mrs. Kaage, whose right hand was bitten off by a polar bear at the Stockholm zoo when she was a child, had made a number of previous flights with Akrell in his plane. Early this year she suffered a fractured skull in a forced landing.

The Stockholm Tidningen published what it described as a telephone interview with the couple in which they were quoted as saying they had hoped eventually to be married and go to America.

The Tidningen said Mrs. Kaage declared that she had entered the hospital recently of her own accord "to get a quiet room and be left alone by people to do some work."

"Instead," she was quoted as saying, "they put me in a room with a lot of people and I was treated in such a way I couldn't stand it any longer."

Baby Challenges Old Theory Of 'Weaker Sex' In South

NEW ORLEANS, LA.—The day may be passing when a female in this city of Creole customs and Confederate flags may be considered physically strong enough to lift only a julep glass.

Linda Lucas is a challenge to the old order. She is scheduled to become a belle of the Old South in 1967, but at four months she has gone in already for things such as swinging from a horizontal bar and executing a wrestler's bridge. She began pulling herself erect in her crib when she was three weeks old.

Her dad, C. E. Lucas, said the answer probably was in her appetite. "She's always hungry," Lucas said. "Linda must have about 38 ounces of milk a day."

Linda weighs 17 pounds. Her biceps measure 6 inches, chest 16½ inches and thighs 9¾ inches. Overall she is 25 inches long.

'Dead' Vet of Two Wars Tries to Prove He's Alive

OSHKOSH, WIS.—After fighting in two wars, Herbert Willson, 47, was engaged in his greatest campaign—to prove to Veterans' administration that he had not been killed in either conflict.

Willson fought in World War I and went into the second as a Seabee. He served in Africa, Italy, Sicily and finally Saipan, where he was wounded.

After his discharge last year Veterans' administration started sending him the regular disability checks for his wound. Then one day his son received a letter informing him that Willson had been killed. The checks stopped coming.

Since then, he said, he has traveled from one government office to another, attempting to prove that he is still alive and entitled to the disability checks.

Too Old for Army's Hiking, Veteran Learns How to Fly

JERSEY CITY, N. J.—Othel Baxter, who served in the Spanish-American and World War I, doesn't think too much of "most of the young buckaroos" in the service these days.

When the army refused to accept him for service the 66-year-old veteran learned how to fly. He is now the oldest licensed pilot of the Aircraft Owners and Pilots association.

SHORT STORY

Birthday Gift

By MAUDE NORMAN

THE sound of a ragman's horn came in the open window of the room, where, with housewifely zeal, Nancy Winters was busy with spring house-cleaning.

A gleam came into her eyes. She thought, "I'll give him that pile of magazines Ted has in the garage and all those pop bottles he is always promising to take away, but never does. I'm tired of having them around."

The ragman looked around hopefully as he loaded the bottles and magazines on his rickety old truck.

"Any old clothes, Ma'am?" he asked. "Any old rubber or iron?" "No, that's all . . . wait a minute," she darted into the garage, returning with a pair of old grey trousers. "Here, you may as well take these, too."

She gave her husband a particularly warm kiss when he came home that evening. "I'm almost dead," she sighed as they were eating dinner. "At first I thought I would open a can of soup or something easy to prepare, but then I remembered how nice you were, so I made you this meat pie and up-side-down cake." Thus she tried to pave the way to tell him what she had done.

"It beats me why you have to kill yourself, trying to do everything in one day," Ted answered. "The house always looks all right to me without you having to tear it apart every so often. Thanks for the swell dinner, Honey. Guess I'll work on the car for awhile."

"That reminds me," she interrupted hastily. "A ragman came by today and I let him take those pop bottles and magazines out in the garage."

"You what?" "And I let him take those dirty old pants out there too," she rushed on.

"You mean you gave those pants away?" Ted shouted. "Those pants had fifty dollars in the pocket."

"Ted! They didn't." "They did unless you took it out. Did you?"

"Of course not. It never occurred to me. . . . Oh, Ted! What have I done?"

"Gave away your birthday gift, that's all. I've been saving all year to buy that wrist watch you wanted. I thought I had found a safe hiding place in those pants. Perhaps we can get it back. Did you notice a name on the truck?"

NANCY shook her head despairingly. "There wasn't any name, but there was a phone number. I noticed that because it was the same number as our house. Main 1152."

"That's a lot of help. We can't look through the whole book." "We could look under 'Junk Dealers,'" she cried.

"Here it is," she exulted, after a few minutes' search. "Tony Rozalle, 1346 Clark street."

1346 Clark street was a shabby little house, whose back yard gave ample proof of its owner's occupa-

"You mean you gave those pants away!" Ted shouted.

tion. An ancient, bent old lady answered their knock. She shook her head in response to their request to speak to Mr. Rozalle.

"The old lady doesn't speak or understand English." A dark-eyed boy came from the back of the house. "You wanta buy something, Mister, or have you got something you wanta sell?"

"Are you Mr. Rozalle's son?" Ted asked. "Naw, I live next door, but I told Tony I'd take care of things till he came back."

"When will he be back?" "Not for a couple of days, mister. His boy, who's in the air corps, was all busted up in an airplane crash. Tony and his wife wanted to go see him but they didn't have the money. Then today a rich lady gave Tony fifty bucks and they lit out as soon as he came home. That's what I call luck."

"Yes, it was fortunate," Ted avoided Nancy's eyes as he spoke. "I'm glad Mr. Rozalle and his wife were able to visit their son."

"Sure I can't do anything for you, mister?" "Nothing, thank you. What we wanted to see about wasn't very important."

Gunman Takes \$650,000 Gems From Actress

Robber Escapes With Record Loot After Threat to Kill Woman and Baby.

NEW YORK. — A dapper, tanned gunman made the biggest individual haul in New York criminal history when he forced his way into the swank apartment of Mrs. Sari Gabor Hilton and robbed her of \$650,000 in gems. The robber threatened to kill Mrs. Hilton and her six-month-old daughter, Constance.

Posing as a repair man, the bandit rang the downstairs bell of the Hilton apartment. Mrs. Hilton was still in bed and her maid, Lulu Barth, pushed a buzzer that opened the downstairs door.

Pulled a Gun.

"I'm here to fix the wiring," the man called from the stairs.

The stranger, about 32, poked a pistol into Miss Barth's ribs, forcing her back into the apartment.

He then went into Mrs. Hilton's bedroom and demanded her jewels. He ordered her to "keep quiet or I'll kill you and your kid."

Mrs. Hilton surrendered two boxes containing her jewelry.

Among the stolen pieces of jewelry were a diamond platinum necklace with a diamond pendulum, platinum earrings, each with a diamond, and a diamond platinum engagement ring.

The maid and Mrs. Hilton's baby were in the living room when the bandit emerged from the bedroom with Mrs. Hilton.

Gagged the Women.

He knocked Miss Barth down with a back-hand blow and then tied both women to a loveseat in the foyer, gagging them.

But the baby began to cry and the gunman released Mrs. Hilton to attend to her. When the child was quieted, he bound the woman again and left the apartment leisurely through the same door he had entered.

Mrs. Hilton managed to untie her bonds and call police.

Mrs. Hilton, police said, had worn most of the stolen jewelry on visits to the Stork and 21 night clubs the previous night with an unidentified man.

She told police that the jewelry was partly insured by Lloyds of London.

Mrs. Hilton, who was "Miss Hungary of 1936," obtained a divorce from Hilton in Los Angeles in September, 1946.

She received a property settlement of \$35,000 in cash and \$2,083 a month for 98 months.

Save Clerk From Air-Tight Vault by Phone Directions

DETROIT. — Ben Schneider, 50, a "legal safe cracker," telephoned instructions which saved the life of a hotel night clerk who was locked for 40 minutes in an air-tight vault by two bandits. The clerk, George H. Turner, 52, responding to directions relayed from the safe expert's home, freed himself from the vault by removing bolts inside the door. Turner used a key as an improvised screw driver.

Instructions telephoned by Schneider, employee of a safe and lock company, on how to "crack" the safe from the inside were shouted through the door to Turner by policemen. The gunmen, who took \$140 from the clerk, had slammed the door on him before fleeing. It jammed.

"I was getting dizzy and fighting for breath before I got out," Turner related.

"All in a day's work," commented Schneider.

Factory Workers' Earnings Almost Double Prewar High

WASHINGTON. — Weekly earnings in manufacturing plants hit an all-time peak of \$50.42 in September, more than double the figure of prewar 1939, the bureau of labor statistics reported.

Director Ewen Clague said that the September peak was \$1.25 above that of August and credited overtime for the advance. He said that hourly earnings in September soared to \$1.20.

Employment in nonagricultural lines also hit a new record level of 43 million.

While the increase in weekly earnings was more than 100 per cent between 1939 and the present, a bureau chart showed that by comparing dollar values, it represented only a 30 per cent hike in actual earnings.

Veteran Sentenced in Atom Photo Theft, Gets 18 Months

NEW YORK. — Arnold F. Kivi, 26-year-old former army sergeant, was sentenced to 18 months imprisonment in federal court on his plea of guilty to stealing and concealing government photographs taken at the atom bomb plant at Los Alamos, N. M.

Kivi, saying he wanted to "get it over with," pleaded guilty. The FBI had said agents found 37 photographs and 10 negatives in his Brooklyn home some of them showing phases of atomic research equipment.

Kivi, while in the army, had been stationed at Los Alamos.

Ceramic Tile Bathrooms

Although ceramic tile has been manufactured for more than 6,000 years, its widespread use in American bathrooms dates only from the 1920s. Two factors, the popularity of the apron-front bathtub and the increase in showers, were primarily responsible for more extensive employment of this material, according to construction experts. As a direct result, volume of tile production, valued at only two million dollars in 1900, rose to nearly 28 million dollars by 1926.

Home Work Shop

More than 850,000 U. S. homes now have their own workshops equipped with up-to-date power machine tools, according to a report from SKF. With 80 per cent of the nation's new home buyers specifying carpenter shops in original plans, output of small motors for portable tools is running better than one million per month.

First Music School

First music school in the United States was Music Vale seminary at Salem, Conn., opened by Oramel Whittlesey in 1835.

Take Mother's Name

In Padany Island, Sumatra, the children take their mother's name. All property is held by the mother and inherited by daughter. The father has no political, social, property or civil rights. The Paul Kotches' males of Bengal are even worse off. Out there if papa gets into debt, the wife has the right to sell him into slavery to pay off the bills.

Removing Indelible Ink

Indelible ink on either hand or foot can be removed by washing in warm water. If the material to dry in the sunlight will help to fade the ink. If the ink cannot be removed in the above manner, try one of the commercial bleaches; but be careful of the material in the bleaching process. If it harms the material, the bleach will remove the stain.

First Baseball Team

The Knickerbockers of New York, organized in 1845, was America's first professional baseball team. In 1849 they became the first uniformed team, wearing white shirts, blue trousers and straw hats.

HICKORY

Hickory School is sponsoring a dance to be given at "The Castle" corner of 173 and 45 on Saturday evening, January 31st.

Howard Wells, of Joliet, was home over the weekend.

Wm. Horton, Sr., underwent an operation at St. Therese hospital in Waukegan Monday morning. He is getting along nicely.

Mr. and Mrs. George Thompson, of Waukegan, called at Will Thompson home Monday evening, Jan. 10th.

Mrs. E. W. King spent Saturday in Kenosha.

Mr. and Mrs. Marvin Butler and daughter, of Zion, were Sunday dinner guests at the Max Irving home.

Miss Josie Mann, of Millburn, spent Monday with Mrs. Will Thompson.

Roger Nothling, of Mundelein, visited Jerry Hunter on Sunday.

'Moly' More Versatile

Molybdenum, one of the hardest metals to melt, is being produced in varied shapes and sizes by a technique Westinghouse research engineers developed. Blocks of this tough, heat-defying metal weighing 250 pounds—25 times as heavy as the largest ingots made during the war—have been turned out. Because "moly" will not melt below 4,750 degrees, it may find new uses in development of more powerful rockets, jet engines and gas turbines.

Mules Replacing Oxen

Many Mexican farmers who have been working oxen are rapidly replacing such work stock with mules. Reasons for this are that it has been necessary to destroy many oxen because of the dreaded foot-and-mouth disease. Mules are not susceptible to this malady. Thousands of oxen have been destroyed through official assistance. It is estimated that there will be a need for about 55,000 mules to take the place of oxen destroyed because of the disease. Mules of the cotton type, about 14 to 15 hands high, are considered most suitable for the purpose.

Many Nickel Countries

In the past nickel has been mined in a great many countries. It has been mined in recent years in quantity in Canada, Celebes, Cuba, New Caledonia, Norway and Russia, and in smaller amounts in several other countries.

AUCTION

Charles Leonard, Auctioneer Having decided to quit farming I will sell at public auction on the Thompson Estates Farm, located on Route 120, 3 miles West of McHenry and 5 miles east of Woodstock, on

Thursday, January 29th

Sale starting promptly at 11:00 a. m., the following described:

41 HEAD OF LIVESTOCK

consisting of:
29 head of Holstein dairy cows, several close springers and new milkers. This is a real dairy. Bangs tested. 4 head 2 year old Holstein heifers, vaccinated; 4 head, 9 month old heifers, vaccinated; Holstein herd sire, 35 months old.

THREE WORK HORSES—Team gelding and mare, 9 and 7 years of age, weight 3000 lbs.; mare, 5 years old, weight 1500 lbs.; 2 sets breeding harness.

100 hens, good layers; 200 spring chickens.

FEED—900 bushel oats; 30 ft. silage in 14 ft. silo; 8 ft. silage in 16 ft. silo; 18 ton ear corn in crib; 10 ton loose alfalfa hay; 10 ton alfalfa and timothy, mixed; 200 bales of straw.

MACHINERY—Allis-Chalmers W-C tractor on rubber, with cultivator attachment; McD. 7 ft. tandem tractor disc; Case 14 inch 2-bottom tractor plow; new tractor limestone spreader; McD. 6 ft. grain binder; McD. corn binder; McD. 11 ft. broadcast seeder with grass seed attachment; Van Hoesler 8 ft. grain drill with grass seed attachment; McD. 5 ft. mower; McD. 8 roll husker and shredder; McD. corn planter with fertilizer attachment; 16 inch Papez silo filler & 50 ft. pipe; McD. manure spreader on rubber, like new; McD. hay loader; rubber tired wagon and rack and basket rack; 3-section harrow; McD. corn sheller, new; McD. side delivery rake; garden cultivator; walking plow; culti-packer; bob sled; 10x12 brooder house; new 800 lb. platform scale; steel wheel wagon and rack; 185 ft. hay rope; 200 ft. 1 inch rope; 300 gal. hog tank with waterer; Jamesway 10 hole hog feeder; 2 elec. fence controllers; 2 gas tanks with hose attachment; rubber tired wheelbarrow; Allis-Chalmers "W-C" E-Z Ride tractor seat; 18 ft. ladder; 300 chick elec. brooder; oil brooder stove; chicken fountains and feeders; 14 milk cans; 2 rinse tanks; pails and strainers; McD. double unit milker; pump and pipe for 30 cows; Universal single unit milker; electric water heater; Stewart cow clippers and extra blades; 2 bu. steel baskets; emery wheel; slip scraper; scalding kettle; grapple fork; forks and shovels and large lot of small tools and articles too numerous to mention.

McHenry State Bank, Clerking

The Ancient Muskmelon

The muskmelon was cultivated in Persia, Turkistan and along the shores of the Mediterranean long before the Christian era. In this country, most of its favorite varieties are called cantaloupes after an Italian nobleman of that name. As a result of long scientific breeding, today's cantaloupe is a much "meatier" melon than its ancestor of a generation or two ago. Careful seed selection and production have developed a thin skin, thick meat of a golden tint and a very much smaller seed chamber.

Fresh Paint Odor

A pall of water in a freshly painted room will help remove the odor.

Ordinance

AN ORDINANCE establishing charges or rates for the use and service of the combined waterworks and sewerage system of the Village of Antioch, Lake County, Illinois.

WHEREAS the Village of Antioch, Lake County, Illinois, by proceedings had in manner and form provided by law, has been authorized to construct a combined municipal waterworks and sewerage system in and for said Village, and has provided for the operation of such combined waterworks and sewerage system as a single utility, all as provided by the laws of Illinois, including particularly Article 62 of the Revised Cities and Villages Act, effective January 1, 1942, as amended, and all laws thereunto enabling; and

WHEREAS pursuant to the terms of the laws hereinabove referred to and pursuant to the ordinances heretofore adopted by the President and Board of Trustees of this Village in reference to the construction and improvement of said combined municipal waterworks and sewerage system and in reference to the issuance of waterworks and sewerage revenue bonds for purposes of financing the construction and improvement of such combined waterworks and sewerage system, it is necessary that said Village charge the inhabitants of said Village for the use and the service supplied by said combined municipal waterworks and sewerage system, establish rates and charges therefor, and provide for the collection thereof;

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, as follows:

Section 1. That there is hereby established an executive department of this Village to be known and designated as the combined Waterworks and Sewerage Department of the Village of Antioch, and there shall be placed in charge of the general management and control thereof a Superintendent, who shall be appointed by the Village President, with the approval of this Board of Trustees expressed by ordinance, it being hereby determined and declared that the establishment of said Department and the appointment of a Superintendent thereof as aforesaid is necessary and expedient for the best interests of said Village. Said Superintendent shall qualify for office in the same manner as any elective official of said Village and shall post such bond in such amount as may be determined by the Village President. All necessary employees of said Department shall likewise be appointed by the Village President with the approval of the Board of Trustees expressed by ordinance.

Section 2. That there shall be and there is hereby established rates and charges for the use of and for the services supplied by the combined municipal waterworks and sewerage system of the Village of Antioch, Lake County, Illinois, based upon meter readings of the amount of water consumed, as follows:

I. WATER SERVICE

First 6,000 gal. per quarter or less \$2.00
Over 6,000 gal. but less than 25,000 per quarter, \$0.28 per 1000
Over 25,000 gal. but less than 50,000 per quarter, \$0.17 per 1000
Over 50,000 gal. but less than 75,000 per quarter, \$0.15 per 1000
Over 75,000 gal. but less than 100,000 per quarter, \$0.12 per 1000
Over 100,000 gallon per quarter \$0.11 per 1000

II SEWER SERVICE:

First 6,000 gal. per quarter, or less \$1.65
Over 6,000 gal. but less than 15,000 per quarter, \$0.22 per 1000
Over 15,000 gal. but less than 20,000 per quarter, \$0.19 per 1000
Over 20,000 gal. but less than 25,000 per quarter \$0.16 per 1000
Over 25,000 gal. per quarter \$0.10 per 1000.

III VILLAGE OF ANTIOCH AND ALL PUBLIC BUILDINGS

A. Fire Hydrant Rentals

B. Public Buildings

All water supplied shall be metered to the consumer and no sewer service shall be supplied unless the premises or property to be so served are connected with the system. Upon completion of the improvements to said system under the provisions of the ordinance adopted June 3, 1947, authorizing the issue of \$32,000 Waterworks and Sewerage Revenue Bonds, all new service connections shall be installed at the expense of the applicant; provided that the Village will install such connections upon written request of the applicant therefor made to the Superintendent and accompanied by a deposit of Fifty Dollars (\$50), as herein provided. Such application for such installation shall describe the premises to be connected and shall state such other factual information as the Superintendent may require and shall expressly provide that applicant will pay all costs of installation over Fifty Dollars (\$50) within such time as the Superintendent shall require and that reimbursement to applicant will be promptly made of any funds owing him if such costs of installation are less than Fifty Dollars (\$50).

Section 3. The owner of the premises and the occupant thereof and the user of either water or sewerage service, or both water and sewerage service, shall be jointly and severally liable to pay for the service on said premises, and the service is furnished to the premises by the Village of Antioch only upon the condition that the owner of the premises, occupant and user of the service, are jointly and severally liable therefor to the Village of Antioch. Bills shall be rendered quarterly and shall be payable within twenty (20) days after the date thereof. If payment be made of the full amount of the bill within ten (10) days after the date of the original bill, then and only in such case a discount of ten per cent (10%) of the amount of the bill shall be allowed to the consumer.

Section 4. In the event said rates or charges for water and sewerage service, or either of them, are not paid within ninety (90) days after the rendition of the bill for such service, such charges shall be deemed and are hereby declared to be delinquent, and thereafter such delinquencies shall constitute liens upon the real estate for which such services are supplied, and the Village Clerk is hereby authorized and directed to file sworn statements showing such delinquencies in the office of the Recorder of Deeds of Lake County, Illinois, and the filing of such statements shall be deemed notice for the payment of such charges for such service.

Section 5. If the charges for water and sewerage service or either of them, are not paid within Ninety (90) days after the rendition of the bill for such service, such service shall be discontinued without further notice and shall not be reinstated until all past due bills are paid in full, together with payment made of Five Dollars (\$5.00) for reinstating such service.

Section 6. It is hereby made the duty of the Village Clerk of said Village to render bills for water and sewerage service, or either of them, and all other charges in connection

therewith and to collect all moneys due thereon.

Section 7. All revenues and moneys derived from the operation of the combined waterworks and sewerage system shall be held by the Village Clerk separate and apart from his private funds and separate and apart from all other funds of the Village, and all of said sums, without any deductions whatsoever, shall be delivered to the Village Treasurer not more than ten (10) days after the receipt of the same, or at such more frequent intervals as may from time to time be directed by the Council.

Section 8. The Village Treasurer shall receive all such revenues from the combined waterworks and sewerage system and all other funds and moneys incident to the operation of said system, as the same may be delivered to him, and deposit the same in a separate fund, designated as the "Waterworks and Sewerage Fund of the Village of Antioch," and said Treasurer shall administer said fund in every respect in the manner provided by Article 62 of the Revised Cities and Villages Act, and all other laws thereunto enabling.

Section 9. Said Village Treasurer shall establish a proper system of accounts and shall keep proper books, records and accounts, in which complete and correct entries shall be made of all transactions relative to the combined waterworks and sewerage system, and at regular annual intervals the Village shall cause to be made an audit by an independent auditing concern, of the books, to show the receipts and disbursements of the combined system.

Section 10. That a copy of this ordinance, properly certified by the Village Clerk, shall be filed in the office of the Recorder of Deeds of Lake County, Illinois, and shall be deemed notice to all owners of real estate of their liability for water and sewerage service supplied any occupant or user of such services on their properties.

Section 11. All ordinances and parts of ordinances in conflict herewith are hereby repealed in so far as the conflicting portions thereof are concerned.

Section 12. This ordinance shall be in full force and effect upon its passage and publication as provided by law.

Adopted January 21, 1948
Ayes: Cunningham, Rosenfeldt, Scott, Dalgard and Powles.

DON'T!

If your car is beginning to act her age—cheer up! Our veteran mechanics will give her the famous Motor Rejuvenator Treatment, and keep her humming along nicely until your new Chrysler is ready.

Here's what they'll do: (1) Tighten manifold studs. (2) Clean and space spark plugs. (3) Test compression. (4) Test coil. (5) Test condenser. (6) Adjust distributor points—replace if necessary. (7) Inspect and clean distributor cap. (8) Inspect rotor. (9) Inspect lead wires for current leaks. (10) Inspect primary

and secondary wires and tighten. (11) Re-set ignition timing. (12) Inspect fuel level, clean carburetor bowl, blow out fuel line. (13) Test vacuum and adjust carburetor. (14) Clean fuel pump sediment bowl. (15) Clean and re-oil air cleaner.

Bring your car in today.

UNTIL YOUR NEW CAR COMES ALONG

WE'LL KEEP YOUR OLD ONE GOING STRONG!
